

Wotton-under-Edge Town Council

Information & Data Protection Policy *(updated Oct 18)*

Introduction

In order to conduct its business, services and duties Wotton-under-Edge Town Council processes a wide range of data, relating to its own operations and some which it handles on behalf of partners. In broad terms, this data can be classified as:

- Data shared in the public arena about the services it offers, its mode of operations and other information it is required to make available to the public.
- Confidential information and data not yet in the public arena such as ideas or policies that are being worked up.
- Confidential information about other organisations because of commercial sensitivity.
- Personal data concerning its current, past and potential employees, Councillors, and volunteers.
- Personal data concerning individuals who contact it for information, to access its services or facilities or to make a complaint.

Wotton-under-Edge Town Council will adopt procedures and manage responsibly, all data which it handles and will respect the confidentiality of both its own data and that belonging to partner organisations it works with and members of the public. In some cases, it will have contractual obligations towards confidential data, but in addition will have specific legal responsibilities for personal and sensitive information under data protection legislation.

This Policy is linked to our ICT Policy, which is under development, which will ensure information considerations are central to the ethos of the organisation.

The Town Council will periodically review and revise this policy (usually every two years) in the light of experience, comments from data subjects and guidance from the Information Commissioners Office.

The Council will be as transparent as possible about its operations and will work closely with public, community and voluntary organisations. Therefore, in the case of all information which is not personal or confidential, it will be prepared to make it available to partners and members of the Town's communities. Details of information which is routinely available is contained in the Council's Publication Scheme which is based on the statutory model publication scheme for local councils.

Protecting Confidential or Sensitive Information

Wotton-under-Edge Town Council recognises it must at times, keep and process sensitive and personal information about both employees, councillors, and the public. It has therefore adopted this policy not only to meet its legal obligations but to ensure high standards.

The General Data Protection Regulation (GDPR) which became law on 25th May 2018, like the Data Protection Act 1998 before it, seeks to strike a balance between the rights of individuals and the sometimes, competing interests of those such as the Town Council with legitimate reasons for using personal information.

The policy is based on the premise that Personal Data must be:

- Processed fairly, lawfully and in a transparent manner in relation to the data subject.
- Collected for specified, explicit and legitimate purposes and not further processed in a manner that is incompatible with those purposes.
- Adequate, relevant and limited to what is necessary in relation to the purposes for which they are processed.
- Accurate and, where necessary, kept up to date.
- Kept in a form that permits identification of data subjects for no longer than is necessary for the purposes for which the personal data are processed.
- Processed in a manner that ensures appropriate security of the personal data including protection against unauthorised or unlawful processing and against accidental loss, destruction or damage, using appropriate technical or organisational measures.

Wotton-under-Edge Town Council processes **personal data** in accordance with its privacy notices.

Who is responsible for protecting a person's personal data?

The Town Council as a corporate body has ultimate responsibility for ensuring compliance with the Data Protection legislation. The Council has delegated this responsibility day to day to the Town Clerk.

- Email: clerk@wotton-under-edge.com
- Phone: 01453 843210
- Correspondence: The Town Clerk, Civic Centre, 2 Gloucester Street, Wotton-under-Edge, GL12 7DN

The Town Council may appoint an external Data Protection Officer to ensure compliance with Data Protection legislation

Diversity Monitoring

Wotton-under-Edge Town Council monitors the diversity of its employees, and Councillors, in order to ensure that there is no inappropriate or unlawful discrimination in the way it conducts its activities. It undertakes similar data handling in respect of prospective employees. This data will always be treated as confidential. It will only be accessed by authorised individuals within the Council and will not be disclosed to any other bodies or individuals. Diversity information will never be used as selection criteria and will not be made available to others involved in the recruitment process. Anonymised data derived from diversity monitoring will be used for monitoring purposes and may be published and passed to other bodies.

The Council will always give guidance on personnel data to employees, councillors, partners and volunteers through a Privacy Notice and ensure that individuals on whom personal information is kept are aware of their rights and have easy access to that information on request.

Appropriate technical and organisational measures will be taken against unauthorised or unlawful processing of personal data and against accidental loss or destruction of, or damage to, personal data. It is not expected that any personal data will be transferred abroad – refer to privacy notices.

Information Security

The Town Council ensures the security of personal data. The Council makes sure that such information is protected from unauthorised access, loss, manipulation, falsification, destruction or unauthorised disclosure. This is done through appropriate technical measures and appropriate policies.

We will only keep personal data for the purpose it was collected for and only for as long as is necessary, after which it will be deleted.

Children

We will not process any data relating to a child.

Rights of a Data Subject

The rights of the data subject, with respect to their personal data, is set out in the Council's privacy notices.

Making Information Available

The Publication Scheme is a means by which the Council can make a significant amount of information available routinely, without waiting for someone to specifically request it. The scheme is intended to encourage local people to take an interest in the work of the Council and its role within the community.

In accordance with the provisions of the Freedom of Information Act 2000, this Scheme specifies the classes of information which the Council publishes or intends to publish. It is supplemented with an Information Guide which will give greater detail of what the Council will make available and hopefully make it easier for people to access it.

All formal meetings of Council and its committees are subject to statutory notice being given on notice boards, the Website and sent to the local media. The Council publishes an annual programme in May each year. All formal meetings are open to the public and press and reports to those meetings and relevant background papers are available for the public to see. The Council welcomes public participation and has a public participation session on each Council and committee meeting. Details can be seen in the Council's Standing Orders, which are available on its Website or at its Offices.

Occasionally, Council or committees may need to consider matters in private. Examples of this are matters involving personal details of staff, or a particular member of the public, or where details of commercial/contractual sensitivity are to be discussed. This will only happen after a formal resolution has been passed to exclude the press and public and reasons for the decision are stated. Minutes from all formal meetings, including the confidential parts are public documents.

The Openness of Local Government Bodies Regulations 2014 requires written records to be made of certain decisions taken by officers under delegated powers. These are not routine operational and administrative decisions such as giving instructions to the workforce or paying an invoice approved by Council, but would include urgent action taken after consultation with the Chairman, such as responding to a planning application in advance of Council. In other words, decisions which would have been made by Council or committee had the delegation not been in place.

The 2014 Regulations also amend the Public Bodies (Admission to Meetings) Act 1960 to allow the public or press to film, photograph or make an audio recording of council and committee meetings normally open to the public. The Council will where possible facilitate such recording unless it is being disruptive. It will also take steps to ensure that children, the vulnerable and members of the public who object to being filmed are protected without undermining the broader purpose of the meeting.

The Council will endeavour to make special arrangements on request for persons who do not have English as their first language or those with hearing or sight difficulties.

Disclosure Information

The Council will as necessary undertake checks on both staff and Members with the the Disclosure and Barring Service and will comply with their Code of Conduct relating to the secure storage, handling, use,

retention and disposal of Disclosures and Disclosure Information. It will include an appropriate operating procedure in its integrated quality management system.

Data Transparency

The Council has resolved to act in accordance with the Code of Recommended Practice for Local Authorities on Data Transparency (September 2011). This sets out the key principles for local authorities in creating greater transparency through the publication of public data and is intended to help them meet obligations of the legislative framework concerning information.

“Public data” means the objective, factual data on which policy decisions are based and on which public services are assessed, or which is collected or generated in the course of public service delivery.

The Code will therefore underpin the Council’s decisions on the release of public data and ensure it is proactive in pursuing higher standards and responding to best practice as it develops.

The principles of the Code are:

Demand led: new technologies and publication of data should support transparency and accountability

Open: the provision of public data will be integral to the Council’s engagement with residents so that it drives accountability to them.

Timely: data will be published as soon as possible following production.

Government has also issued a further Code of Recommended Practice on Transparency, compliance of which is compulsory for parish councils with turnover (gross income or gross expenditure) not exceeding £25,000 per annum. These councils will be exempt from the requirement to have an external audit from April 2017. Wotton-under-Edge Town Council exceeds this turnover but will never the less ensure the following information is published on its Website for ease of access:

- All transactions above £500.
- End of year accounts
- Annual Governance Statements
- Internal Audit Reports
- List of Councillor or Member responsibilities
- Details of public land and building assets
- Draft minutes of Council and committees within one month
- Agendas and associated papers no later than three clear days before the meeting.
